MEMORANDUM FOR: SA/PD/DCI

THROUGH : Director of Administration, DPS/DCI

SUBJECT : Dissemination of NACA Classified Reports

REFERENCE : Memorandum for Cover Officer from SA/PD/DCI,
same subject, dated 26 May 1958, (CHAL 0159)

1. I am pleased to inform you that the problems concerning dissemination of NACA classified reports appear to be settled. I had the opportunity to discuss this matter with Mr. Richard V. Rhode, NACA, on 3 June 1958, informing him of our desire to handle dissemination on a case by case basis.

2. I alerted him to the fact that we have initiated action within ANDC whereby General Dealer will conduct inquiries within that complex in similar fashion to those conducted within NACA. He was reminded that any evidence within either NACA or ANDC, which would indicate a need for high altitude data by a specific aircraft company, should be brought to our attention for consideration.

3. Mr. Rhode was most pleased with this arrangement and was in complete agreement that an industry wide release would have serious effects on the security of our activities. Arrangements will be made within NACA to have cleared personnel constantly on the alert for any indication of industry needs in this area. Industry requests will be forwarded to [REDACTED] who in turn will formalize the request to the undersigned. 25X1A9a

4. The original Top Secret draft report is being retained by the undersigned rather than being returned to Mr. Press due to the lack of storage facilities within NACA.
